Football: Then To WOW! (Sports Illustrated Kids Then To WOW!)

Synopsis

See how all aspects of football have evolved in this highly visual book filled with history and trivia about the game. You'll see a football transform before your eyes from a melon-like ball crudely stitched together to the aerodynamic pigskin it is today; or watch as a quarterback evolves from a scrawny helmetless player of the 1930s to a hulking play caller of the modern era. From rules to equipment to the all-time greats, this book is a journey through the game spanning the years

Customer Reviews

The party was about to start and I could hardly put this book down to wrap it for my sons tween friend! I enjoy an exciting football game but I am not at all into football info or trivia. However, flipping through this book was really interesting. My son gave his friend the book and I heard directly from the mom that it was a huge hit. Party boy and his brother and friends are enjoying every page. The book is a sturdy hardback book with beautiful pictures and illustrations. Anyone remotely interested in football would LOVE to have this book as a timeless recording of how football has evolved over the years. The book covers helmets, uniforms, balls, etc. It even looks at how the players sizes have evolved. A truly cool book!

This was for 7 year old who absolutely loves sports. He was hooked immediately.

I bought this for my 8 year old grandson who is a football fanatic. He announced that it was his best present ever! Jam packed with more information than you can imagine and presents interesting and amazing facts for all ages of football fans.

I have a child with a love for football and history, so this was perfect. Broken down in little bits of information instead of a steady read. Covers many aspects of football. FYI...there is also a baseball version.

I got this book for my 9 yr old son for Christmas. He was absolutely overjoyed to open it. He is going to be using it for his history of football independent study at school. Plus, the price is much nicer than at our B&B store.

It got my son to read. So I'm happy.

Must have for a young football aficionado. Shows the evolution of some aspects of the game. My son has read it over and over.

Bought this for a 10 year old Football aficionado! Was told he loved it and started reading it as soon as he unwrapped it!!!
