The Neverending Story

Synopsis

In this classic fantasy novel from author Michael Ende, small and insignificant Bastian Balthazar Bux is nobody's idea of a hero, least of all his own. Then, through the pages of an ancient, mysterious book, he discovers the enchanted world of Fantastica, and only Bastian himself can save the fairy people who live there. Shy, awkward Bastian is amazed to discover that he has become a character in the mysterious book he is reading and that he has an important mission to fulfill.

Customer Reviews

I have been a fan of the movie for as long as I can remember but this takes the portions of the movie that I loved so much and throws them into overdrive. This book is a legit fantasy tale that is full of artfulness that seems so natural. Set up in 26 chapters, each starting with a different letter of the alphabet, the Never Ending Story plays with the 4th wall and makes you question your own reality. I would greatly recommend this book to anyone looking for a unique treasure of a fantasy tale.

Saving this for summer reading, but did peek at first chapter, seems like there will be a few differences in the book from the movie, as is usually the case. Looking forward to reading it.

I love that this edition has the different color text to indicate when you are 'in the story' and when you are 'in the story within the story'

Great copy, in almost perfect condition. I'm very pleased with this because it is one of my favorite books ever. If you've only seen the movie, you should definitely read the book because the movie only portrays about the first half of the book. Bastian goes on lots of other exciting adventures so read this avid don't miss out!

This book is a favorite of mine which I have read several times. I wanted a copy of this particular edition because of the multi colored ink and illustrations so I was immensely pleased when it arrived in beautiful condition. I can hardly believe this book is twenty years old, it looks brand new. It made me question the publication date vs. printing date, but I think they're always the same? Either way, I'm very pleased with this book.

bought this for daughter, this was one of her favorites when growing up. sometimes its nice to reread them when you're older

Much more interesting Than the films! Awesome story !!!!!!! Great gift for kids who love to read and always hoping for a book that never ends :) a classic!

The first half of this book was fantastic, the second half not so much. It's a good read because it's a classic, but I couldn't really get into it towards the ending.
