Customer Reviews

It is a very handy book and everything in it is clear. I highly recommend that if you want to travel for spend your holidays in Boston then this is a good guide for you to have more options and ideas on where to visit. Knowing where you are going before you travel is the best way to do it, take this book and plan your Boston trip to get the most out of your time!

I didn't find it too helpful because I was so distracted by the poor grammar, misspelling, and slang. I would not recommend this book.

If I get the chance to visit Boston, I would now know where to eat, drink, and go for a good time. This is a short book but is full of resources that informs and shows the places that are outside of the tourist trap zone. I like the friendly writing style of the author and I will definitely look forward to reading more of his books.

Boston is one of the most visited places in the world. My family is planning to spend some quality time this year and I think we have to choose Boston. I am so glad I found this travel guide because it is complete and very accurate. This guide has the 25 unique activities you can do if you are in the

area. Aside from that, the guide gives us the nicest tourist destinations of Boston. I can't find a guide as complete as this one.
