A splendid history of one of England's best-loved, most visited places. Ann Saunders is an architectural historian and the author of *The Art and Architecture of London*.

Dr. Saunders taught a 'History of London' course at Richmond College back in the early 80's, which I had the privilege of attending. She knows more about the history of this city and its great architecture than anyone else I've ever met. She instills history with meaning and relevancy and genuine emotion. If you're looking for the best history of this magnificent cathedral, stop right now and buy this book.
