God's Child Andrew

Synopsis

The only writing more difficult and dangerous than describing the life and death of a blessed child, with its glory and grief, is writing when the child is one's own. The pain and risks of such writing are obvious. God's grace alone allows, and even demands, that they be accepted, suffered and shared. Sandy and Fr Duane have accomplished this writing in the most gracious way. They tell Andrew's story, and their own, with awesome simplicity and disarming directness. The result is Christian martyria and homologia in their purest form: a witness and confession which must be made, whatever the cost. For the love of Christ constrains us. (2 Corinthians 5:14) Fr Thomas Hopko, from the Foreword

Customer Reviews

Good read for anyone for who has lost a child or knows someone who has.

Thank you for the wonderful writing in this.

This is the story of Andrew Stanar Johnson. Born into an Orthodox Christian family, he was a huge joy to his parents, who truly adored this precious child. However, his family's joy would turn to despair as, shortly after his sixth birthday, he is killed in an accident. This book is an account of Andrew's life as well as an account of how his family, with the help of God, try to struggle through their loss. Andrew was a child who was completely convinced in the reality of God and His work all

around us, and the knowledge that the end of one's earthly life need not mean "The End". Through their pain and suffering, Andrew's parents slowly begin to redouble their efforts to listen to what God is saying, and it is through this that they are able to continue on in hope, in faith, and in love.

This book tells a story of tragedy and suffering, but also of strength and faith in God. This book gives meaning and insight into the death of a young child. Make sure you have tissues nearby when you start reading this book. This book was hard to put down, read it from front to back in one sitting.

Thanks

Sandy's written account is an inspiration not only for those who have experienced the loss of a child but to all. Very good book for all.
