Customer Reviews

I am a great fan of ketogenic diet but i am unable to eat meat and exotic non vegetable items as I like vegetable most, that's why i found this book really helpful to follow. The author provided great tips and strategies to follow ketogenic diet with vegetable dishes and the recipes i have tested from this book is loved by everyone in my family.

Great recipes with proper description to go vegan with ketogenic diet. This book included a wide variety of vegan recipes for breakfast lunch and dinners. I have some smoothies and salads that were a great experience in preparing them and they taste delicious. I am happy to get this book.

Tofu, Broccoli and Eggplant these are my favorite food ingredients. You will find a new delightful recipes in this Vegan Ketogenic Cookbook.

Great tasty recipes and easy to make. I already feel healthier and more fit and the dinner recipes are delicious. Thanks for this
