The bikes have changed but the humor has not. I enjoy the comical illustrations, Nealy has come up

with.

A must read for anyone who mountain bikes, whether he or she is a bike nut or just a casual cyclist. Full of fun cartoons, with serious messages about technique, much of it conveyed tongue-in-cheek style. A great gift for someone you know who likes to get out on the trails.

Got this as a gift for my adventurous 21 year old son who now lives in the mountains of Colorado. He enjoyed the book!

Knowledgecartooning like no one else.

This was a gift for my son in law, and he is very much into mountain biking, this was a light hearted look at this sport, he did think it was funny!

Great funny read. I was expecting more hard useful mountain biking information. Would be a great book for a gift to a mountain biker. The book is a collection of very funny cartoons on biking, most just funny and some with serious advice.

This book is great! it is so funny and involves a lot of serious information and also a lot of jokes. Every mountain biker should have this book in their home.
