In this book, you can find a variety of quick recipes for all occasions. I found a great many recipes that I cook in my everyday life. In this book, you can learn recipes under pressure. It turns healthy food. The book contains recipes for meat, mushrooms, soups, cereals and more. To be honest I do not even know which recipes are not enough. There are even ratatouille and burritos!

Recommended for fans of delicious and healthy food!

I love this book! It is true, that nowadays we don't have the time to stand all day in the kitchen. This book provided nice general information plus simple recipes that could be done within a few minutes by looking and being delicious at the same time. Definitely this book is worth reading!

I found this cookbook to be informative and just an overall good cookbook. Looking forward to trying many of the recipes. I really like the slow cooker part. Simple but easy recipes especially when you just became the new owner to the instant pot. It gives the procedure to make it easy. A great recipe book

Extremely poor grammar, hard to follow, random numbering, inconsistent measurements, duplicate recipes, unorganized. Would not recommend this cookbook, not even for free.
