Ventriloquism Made Easy: How To Talk To Your Hand Without Looking Stupid! Second Edition

Synopsis

Learn how to throw your voice. Make your hand talk, your shoe sing, and your mother-in-law shut-up! Everyone will be tongue-tied when you start talking to the lamp shade and it talks back! Ventriloquism, as taught in this book, is easy to learn if you follow a few simple rules. Anybody can do it! And it's so fun that once you start, you'll be talking to yourself for hours. This book explains how to use standard puppets as well as novelty figures such as balloon animals and gym socks. Includes 22 complete comedy dialogs to get you started. All outrageously funny.

Customer Reviews

This is must reading for 'budding' ventriloquists. -- Robert H. Ladd, Dialogue
Wonderful book!...the best resource book currently on the market for the aspiring ventriloquist. -- Clinton Detweiler, North American Association of Ventriloquists
You will start with very basic instructions and move through learning to talk through your nose...It's terrific. -- Rainbo Reviews

Paul Stadelman is a professional ventriloquist who starred on his own TV show for many years.

Easy to read and simple instructions. I'm a puppeteer so some of the information was very basic.

Great beginners book. Has a lot of hints on how to pronounce the difficult letters and words like

"B". "P" etc

I bought this for my grandson who is a budding ventriloquist. This book has been very useful to teach him and he loves it!

Any book with Steve Axtell on the cover gets my attention. Ax is one of the driving forces in puppetry, and would not pose for a cover on a whim. Bruce & Paul, the authors, have collected all the basics needed to start practicing vent. Lots of good tips for beginners on performance, sample scripts, and all around valuable info.

My Grandson was briefly interested in this --the book looks fine but he has moved on to other things

Best ventriloquism book on the planet,Stadelman and Fife knew there stuff,incredible deal used at 5.00 dollars.Buy two and keep one in your car.

Older cover not the one shown in the ad but the same insides excellent content

very good book.....its fun and easy to learn....
