# **Twisted Mind: A Pedophilia Adopted The Young, Poor, And Innocent For Sexual Pleasures**

## Synopsis

The book is about an invisible crime that is so widespread - sex trafficking and Internet child pornography that men of eminence are willing to risk it all to go after young children because there is a very slight chance of getting caught. It brings awareness that there is no age limit, ethnicity, and economic or educational rank of the men who would turn up just to have sex with young girls and boys, as a full female body is not as tempting and attractive to them. It places ownership on responsible adults, which is for them to be vigilant with their children, not placing Internet in their bedrooms, and to work together to help the younger generation not being caught up in an adult world. Twisted Mind also gives a new name to pedophiles who adopt children under false pretence. It is termed global adoption trafficking. It is certainly a book that brings you up-to-date on what is happening out in cyberspace, and how to protect children.

## Customer Reviews

MORLEY WILSON is the author of two other fictions, *A Modern Day Prince* and *Fire and Ice*. She has also written two nonfictions, *Who is Supervising the Supervisor?* and *Rich God Poor Christians*. A native of Canada, who now writes from Westbury, in Long Island, New York, she is on a mission to save one child at a time from Internet predators. Before writing full-time, Morley worked in corporate, as a office services manager and is also certified in telecommunications. The author would like you to send your e-mail to [siea@yelromusa.com](mailto:siea@yelromusa.com), if you know of anyone who is suspected of, or involved in, such behaviors. Stay tuned for my next upcoming non-fiction: *Bread, Milk and Love Have Expiration Dates*, and my fiction: *Murder by Deception* and *Echoes of Passion*, slated for the fall and winter of 2006. Also my non-fiction: *Border Crossing* and *Women Leaders Around the*

World, due out in the summer of 2007.

I've been doing some research into the mindsets of pedophiles and child rapists, as part of my own catharsis. I simply was unable to get past the first couple of chapters. Not because it was written poorly. (Which it wasn't). It was written quite well actually. But the thought that this was indeed the mindset of REAL People and a REAL Pedo preying upon them....well...ick. I know I'm gonna get flamed by the 'child lover' etc etc...but I tend to judge more by the actions and resulting effects of folks. If you want to know how a predatory pedo is like- and how they think- here ya go: Perfection.
