David Horvath and Sun-Min Kim are a husband and wife team living in Los Angeles. David, Sun-Min, and the Uglydoll family (now over 20 characters) have been featured on CNN and the Today Show, in the New York Times, Time and InStyle magazines, and in store windows around the world.

So this is meant to be a school planner -- meaning that each page spread is meant to cover just a week, with different "class periods" -- but, for those of us well beyond our school years, each page can be a whole month or more. Just a warning: There's a lot of stuff happening on the pages of this thing. If you are easily distracted by cute things, you could totally lose an hour just staring at everything on the margins of the pages. (I still find something I didn't notice every time I look back at it.)

My 17 yr old daughter wanted this as her school planner! She and my older daughter and I all love

the Ugly Dolls. So I ordered it, and it was so much fun, that I wanted one for myself. I will be ordering another one. Every page is filled with bright colorful Ugly things, and yet is practical and gives plenty of space for keeping track of assignments, activities, etc. A great addition to any back-to school supply list! Kids of all ages can enjoy, including adults like me!

I bought this for my son as back to school supplies and Im telling you, he LOVED IT! It was great! The cover was so darling and us, as total UglyDoll addicts, we all loved it and want more! I am now looking for planners with other UglyDolls on it. About the planner...It was helpful with a calendar, fun and cute stickers for "Test Day", "Project Due" and other event stickers as well as some cute extras. There were even pockets to keep papers and small notes in. It had everything adult planners had in it but smaller. Perfect for kids and one of the most organized and well thought out student planners I've seen!! TOTALLY recommend for any UglyDoll enthusiast or student wanting something cute but helpful!

This planner is pretty useful. It's separated into different sections so I can write my class subject and what I'm doing for that day. It includes stickers also!

I bought this for my son to keep track of homework assignments. He and I both like the stickers that are included. He used the "no school" sticker for a snow day. He liked it enough that I bought a second one so that he would be ready for next year.

Got this for my little brother and he loves it. He likes the drawings and the little comic-y design throughout the planner.

Disappointed. Functional but outdated.

I ordered this for my daughter for high school. She loves it. If you like ugly dolls, this is cute.
