Shadowed Threads (A Rylee Adamson Novel, Book 4)

Synopsis

Trackers, witches, vampires, Shaman, harpies, werewolves and other shifters, Guardians, dragons, gargoyles, Druids, ogres, necromancers, demons, I'm not sure we've been introduced yet to everything in Mayer's world. Have some tissues ready when reading this book; you're going to need them since the author does a really good job of pulling the reader into Rylee's head and we're in for an emotional ride with both heartbreak and joy . . . expect some surprises! -Top

1000 Vine Voice ReviewerFrom HiJinks Ink Publishing and Shannon Mayer comes SHADOWED THREADS (BOOK 4) in The USA Today Bestselling RYLEE ADAMSON NOVELS. With over 1.5 million books sold, Shannon Mayer proves once again she can dominate her genre right out of the gate."My name is Rylee, and I am a Tracker."When children go missing, and the Humans have no leads, I'm the one they call. I am their last hope in bringing home the lost ones. I salvage what they cannot.O Shea is AWOL, and Tracking him is proving to be harder than I expected. Not to mention the small fact that I have the Beast of Bodmin Moor chasing me across Europe, in a race against the odds, and my life as the prize. But those things are minor compared to the secrets that finally come to light.Secrets I wish had stayed hidden in the darkness . . .

Customer Reviews

Book Four in the series picks right up where we last left our ragtag group of Rylee ,and her misfits. This time around felt like a heart stopping rollercoaster of action and emotions. I do have to say I wish it was longer, but I am not sure my heart could take it, maybe we need a rest before the next book. Ok, I am ready for it now! Rylee has some if the most difficult decisions of her life in this book, and no one that she can fully trust. She doesn't even trust herself to make the right decisions when it comes to trying to protect those she cares most about. She finds out a huge secret, and is horribly betrayed. That hurts deep for her, and grief isn't something she gives over too easily. Anger is easier. Her hunt for O'Shea isn't any easy one for matters I won't spoil, but she finds him, and thankfully he finds her too. Liam fans rejoice! (Wink) We are introduced to some new characters and are learning more from characters previously introduced, and no one is who they may seem. Everyone wants something from Riley, and she just wants to go back to when it was just her, tracking kids like she used to. Rylee has a big battle ahead of her, the biggest one of all may be with herself. It's not easy to come to terms that you may be meant for something far larger then you believe you are capable of. War has started, and its one that Rylee can't fight by herself this time, how does a loner learn to accept help from the people she's trying to save, and whom can she really trust? I greatly look forward to the next installment!

This book added some interesting new characters, and several others changed and progressed. I was involved enough in this one that I didn't want to put it down at all until it was finished. Of course, it isn't really finished, but at least this one had a sort of happy semi-ending.Oh, it wasn't perfect; the characters still use really nasty language, and it had the usual proofreading and editing errors that plague this series. But this one didn't kill anyone important off, and there was a return of some romance for Riley. For me, it's a fast moving and intriguing series so far. Even if the individual books aren't long enough (in my opinion), and even with Prophecies entering into the plot (I really hate Prophecy as a plot component). I'm on to the next one....

I didn't think she could top the first three books, but Shadowed Threads? Oh my gosh!! It brings to life what happens to her sister to just turn around and make you beg for the next one in the series!! This series has got to be one of the best I have read in a very long time. There is no book that

seems to be written just to be written. I have read a lot of series that by book 3 you are bored with them or they just seem to be filled with sex. NOT this series! Each book just leaves you begging for more! Starting withÂ Priceless: A Rylee Adamson Novel (Book 1)Â You get to meet Rylee.. she is not your regular kiss-ass female lead.. she got issues! By the time you finish readingÂ Immune: A Rylee Adamson Novel (Book 2)you are about ready to help her kill her best friend. And cry for the FBI agent. Then in book threeÂ Raising Innocence: A Rylee Adamson Novel (Book 3)Â you get to learn more about her background and along finding about more about the FBI agent.. that is one hot hot agent!! Now in book 4 it looks like everything is finally coming together when BAM she hits you with what happens to little sister.. The FBI hottie is safe.. but now hurry up please with book 5!!!You really need to start with book one, and once you start with Priceless you will get stucked into a world, of strange pets (harpy anyone?), stranger best friends and vamps you know they can't be honest if you had a stake pointed at their heart! Everyone wants a piece of Rylee when she really wants to do what she does best, track and save children. And everyone else seems to think that she has to do something for them, till there is nothing left for Rylee. A best friend for a witch who by book four.. Missy that was a mean, self-centered bull*hit to do to Rylee and I hope it falls apart for you!! With that said.. You got to read and you will fall in love with Rylee and her very interesting pack? ;) I have never enjoyed a series as much as I have this one.. I had pre-ordered Shadowed Threads just so I would have it the day it came out.

Shannon Mayer never ceases to amaze me! In this, the 4th installment of The Rylee Adamson series, the excitement never stops. You usually have a few boring moments during transitions of scenes or just downtime for the characters in general. Nope, not here. Everything moves, all the time. If you're looking for a book that you can fall asleep to, this is NOT it.Rylee & her "pack" are on the move. To Europe! They meet & pick up new creatures along the way form place to place. Blaz is one you're gonna love! I really hope to see more of this one! He's turns out to be very cool! Jack is another. Old & crotchety, but he makes sense! Alex is still there & still full of good humor & silliness, yet protective when he's needed. O'Shea is still the love of her life, whether in wolf form or not. She can't live without him (just my opinion kids). Eve kinda cracks me up with all her beak clacking & hopping about. A thousand pound Harpy hopping around like a crow.. LOL. Pamela is so young & yet so powerful & awesome. I can't wait to see how her training goes & how she grows up. There are laughter & tears in this book. I mean if you're drinking something during the funny parts, (they sneak up on you) you might have your drink coming out your nose. & during the sad parts, I had tears streaming down my face. Which usually doesn't happen to me. Yes, sometimes a sniffle or maybe a

tear I need to wipe, but not a full out wet face & stuff. Just a warning. Awesome book AGAIN, Shannon!! :D
