## Customer Reviews

Took this map with other travelers on a walking tours of Cairo. This small package has clearly marked sites and streets, made it easy to figure where we were. Easy to identify subways, bus station etc. Because it's small, opening it is way more discreet than using a huge fold-up map. Several of us started out using 4 different maps, including Cartographia, one copied from LP book, and one bought locally, but ended up putting the others away and used just Cairo popout. It wouldn't be useful if you were driving (a crazy idea, incidentally) or needed a very wide range for Cairo suburbs. I did take the LP and Cartographia for those uses, but this little map was the best.

It's to small, awkward, not functional. I went to Cairo last april and it didnt helped me at all. Search for a real map.
