From the first memory of holding paper and pen, Anahit Petrosyan has felt her passion for writing to be inevitable. Born in a small city in Armenia, Anahit moved to California at a young age where she began her education and developed a profound interest in literature. The young lives of many youth and the search for meaning inspired Anahit to write her first novel, the final product of a four year work.

What a phenomenal story! This book is realistic in its research of setting and cultural diversity based in its time. What sets Chasing After apart from other modern day novels is that it is not just a story but one with meaning. It's a great gift for someone who may be struggling with guilt/isolation or someone who just wants a good read. This would also make a great movie.

Wow. Thats all i can say. I just finished the book and I loved it. Ill try to give a helpful review with out spoilers. Characters: The Main character Leo was something else, very frustrating, I found I hated

him at times and sometimes I loved him and felt so much compassion for him. I didnt understand why he was doing what he was doing sometimesStory: The story was compelling and I felt drawn in. The imagery and metaphores helped create a vivid woud.I could totally imagine this story being a movie.I would love to keep writing but I dont want to ruin the story for anyone.To summerize: amazing story, frustrating but relatable caracters and an important message weaved through the story.

Once i picked up this book I couldnt put it down. The content is a mix of everything. Theres Action, Romance, Suspense, and most importantly a great life lesson. I highly reccomend everyone who wants to find a purpose for life to read this book.

The author did a great job in teaching the readers a valuable life lesson by using the main character's life experience. It was very descriptive and had many beautiful analogies. Also the message was very deep and the book was worth every minute spent. I would gladly recommend this book.

A compelling read with strong imagery and engaging characters with whom the reader is able to sympathize or even hate. The choice of words make every passage lively. It is a fast read because of the imagery, it is like watching a film. The book is intended for young adults but is equally entertaining for adults such as myself because other than an interesting plot and characters, it includes philosophical and and psychological values as well.

Loved this book. Such a wonderful story for everyone to read.

Ill recomend you all just buy and read.
