Customer Reviews

Thank goodness for Top 10 guides! Mail on Sunday --This text refers to an out of print or unavailable edition of this title.

This book just arrived today, and I anxiously started leafing through it. I was looking in the section with hotels, and there were several the book mentioned that I wanted to check out. Now here is the confusing part... honestly, ALL four of the websites I went to first were no longer valid. Either squatters had taken up residence on the site, or I got the old "this page is no longer available" message. And it's not like I forgot to type the .au or anything, the info was just bogus. I am giving it two stars because I'm sure I will get other good info out of the book. I even kind of expect travel books to have some outdated info, but for a book that was released in 2010 to have the first four websites I try to go to be totally inaccurate is unforgiveable in my mind. I can only assume that they

re-released it this year without any fact checking.

Just spent a week in Sydney and found the book helpful in terms of the downtown area and Sydney proper. But I really wished it had more in the Outskirts section. There isn't a ton to see in Sydney proper but lots to see on the outer edges, an hour away, etc. Perhaps they need a New South Wales guidebook since the Australia guidebook tries to put too much into it. Anyway - if you're going to spend your whole trip right in downtown, this book works fine. If you get a little antsy for a little more color, keep looking. (And, btw, I usually LOVE Eyewitness travel guides. I have at least 10 others.)

Before the interest th DK series was essential; it is the best of is genre but no longer needed.

I've been using DK Eyewitness' Guides for years and keep on buying them since they're user-friendly, well illustrated and handy. Yet, you'll probably don't need to buy Sydney's DK Eyewitness' Guide if you already have the one for Australia.

This guide is excellent. It has more than I expected and very informative. It is in like new condition. It saved me a lot of money. Thank you .

This travel guide is one of the best, detailed books on Sydney. I have many Eyewitness Guides for other locations around the world. The detailed maps in the back of the book are very useful when in an unfamiliar place.

The description said like new, and when I got it I was surprised, it was like new.
