Took my boards a week ago and passed. Thanks to these!

This is a excellent study tool for the NCLEX. It offers alot of information in different formats. Very easy to get thru the 1200 flash cards because of the formatting. There multiple questions on each card.

I have to give these a 3 bcz they are made of paper and they are crammed super tight in the box. It is only a matter of time before I started accidentally tearing them up. I returned this product and opted for a digital one from Google store for 12.99. Passed my boards, btw, a week later. Good luck!

Passed my nclex first time and these were all I studied

very helpful, it helped me out with my test.

Love them! I carry them in my car and can review whenever I am waiting on kids!

my daughter likes it except prints are very small

Great cards, i am using them now to study with!
