Customer Reviews

Spell-binding. Great story line - as expected with books by Tracie Peterson.

I love Tracie Peterson's writing. These stories have a little mystery and lots of good clean romance. This will keep you reading this author's works.

I really enjoy everything that Tracie Peterson writes, as I believe she is one of the greatest Christian Authors of our time...so of course I loved this book too.

Received in a timely fashion, Three stories in one book all very good reads. the book came in very good condition.

Tracie Peterson takes the lives of some very interesting and provocative people, separates them into four spell-binders, and then puts one cover on all! True to style, the author lets the reader learn all about the budding romances, the extreme disappointments, the rational and irrational fears and

the final triumphs of faith! Set in the Colorado Rockies, the love stories unfold slowly, entwined with tremendous complications of suspense, suspicion and subtle sub-stories. The characters from story one continue over to story two and so on, just the lead changes. Tracie keeps the reader comfortable with glimpses from the previous stories as she unfolds the mysteries of the subsequent ones. This 4-story book is not only romance, it is faith in God and faith and trust in other people at its best! Kudos again Tracie!

My public library used to have a large collection of Heartsongs and I loved Peterson's books the most. I was excited to see that I could get collections of these works by her so I bought this one and Castles (which I also recommend). This work is nice as all four have reoccurring characters and are excellently written. A mystery crosses over two with more results in the third so it keeps you from putting down the book. The last work is brief and was written as a bonus when she compiled this book. This means that there is something new for avid Peterson fans. Overall it's a great read and worth buying.

This book was excellent! All four stories are linked together beautifully, and when you finish one, you'll want to start the other. The mystery element was a nice, added touch. If you enjoy Tracie Peterson's work, you should NOT miss this novella collection. It's a must-read!

These four novellas are Peterson's best. I could not put the book down! Go get this book - you won't regret it.
