Customer Reviews

We needed this book for my son's music class, and it was more convenient and cheaper to get it on than go to the local music store. As a music book, it's fine - it introduces different keys and uses both classical and modern songs as examples.

Textbook needed for my grandson.

both of my teachers love this book and have used it for years.

IT IS GOOD

I'm a cello student and I really like this book a lot. I tried to read ahead though, and it doesn't really explain things well enough for a novice. With my instructor and the lessons, the book is perfect. I

recommnd the CD's that go along with it... they are sold separately.
