"Olivia is the reigning queen of cheesecake art and Jordu is the king of monsters. If you can imagine them having a baby then this is it!" -- Elvira, Mistress of the Dark

After achieving unprecedented success as a female artist painting erotic fantasies for men's magazines, Olivia De Berardinis established herself as a regular contributor to Playboy Magazine in 1985. Her art pinup page often appeared with captions written by Hugh Hefner himself. She has created an extensive body of work for periodicals, paperback books, advertisements, and movie posters. Olivia's artwork has been shown in art galleries throughout the United States and Japan,

and her work is collected by fans worldwide. Jordu Schell has been in the film and television industry since 1987. His talent as a designer and sculptor is a world renowned, and his credits include: "Avatar", "The Chronicles of Narnia: Prince Caspian", "300", "Hellboy", "Aliens vs. Predator", "Requiem", "Men in Black", "The Mist", "Batman Returns", "Edward Scissorhands", "Alien: Resurrection", "The X-Files Movie", "Predator II", "Galaxy Quest", "Evolution", "Babylon 5-The Series" (on which he designed an Emmy award-winning creature make-up and the first fully digital creature for a television series), and many more.
