# Who Was Queen Elizabeth?

## Synopsis

Our bestselling series is fit for a queen! The life of Queen Elizabeth I was dramatic and dangerous: cast out of her father's court at the age of three and imprisoned at nineteen, Elizabeth was crowned queen in 1558, when she was only twenty-five. A tough, intelligent woman who spoke five languages, Elizabeth ruled for over forty years and led England through one of its most prosperous periods in history. Over 80 illustrations bring "Gloriana" and her court to life.

Age Range: 8 - 12 years

Grade Level: 3 - 7

## Customer Reviews

June Eding lives in New York, New York. Nancy Harrison lives in Allentown, Pennsylvania.

Love these books. My son, who is 9 has been reading them for a little over a year now and this book is wonderful. I must say that this one is not one of his favorites. He is a history junkie, lol. He so far seems to love the Jackie Robinson, Teddy Roosevelt, Abraham Lincoln, Robert E Lee, What is the world series the best as a 8 and 9 year old. I also read these to him in the evenings and I really enjoy them as a 40 year old father. I have learned so much from them as well. Sometimes I read them before or after my son in order to have an educated discussion with him about the subject of the book. I really also get a lot out of them as well.

This is a great synopsis of the life of Elizabeth I of England trailing her trials, tribulations, and glory during the Elizabethan era. This is a great book for my ESL tutee who will be entering high school at the end of summer. I want him to become more familiar with great historical figures and the times in which they lived and their accomplishments. This is a wonderful addition to his library that will broaden his knowledge of world history.

I'm baffled by some comments made here by people who are disappointed that this is a children's book. "Age Range: 8 - 12 years" is clearly listed in the details listed for the book. My daughter is 5 1/2 -- too young for this book, you would think, but she stumbled onto Queen Elizabeth in one of my history magazines and began peppering me with loads of questions about her. Finally I bought and read this book aloud to my daughter, and she adores it! We must be into our third or fourth reading of it now, and her curiosity continues. That's not to detract from the age range recommendation; I think an 8-year-old would respond well to this book. The fact that it actually appeals to a 5-year-old is proof of the strong storytelling in this narrative, I think. Well done!

Wonderful! I had no idea that she was related to "Bloody Mary" Great Book! Very Detailed! You should get this book.

Daughter loves the book, nice addition to the "Who Was" series

great books for my kids to read on their own!

Good book with great info about Queen Elizabeth's life. The large font, pictures, and short chapters make it an easy read. We homeschool and we read one "Who Was..." book each week for enrichment. Fast shipping, arrived in perfect condition. Will add it to our collection.

My daughter loved this book... Though I suspect, when we ordered it, she still thought the book would be about Queen Elizabeth II, she thoroughly enjoyed this look back to the sixteenth century. So much so, one evening, after we put her to bed, she continued reading (a nightly ritual in our house) for longer than usual to 'finish the story.' My wife and I sort of forgot about her, and found her still reading after 11! This whole series is great fun - I recommend them to anyone with a youngster curious about history and prominent figures. There are just enough challenging words to stretch a

young reader's skill without frustrating them and so many teachable moments for a parent. Also, the periodic vignettes provide a built-in way for parent and child to take turns if desired.
