Leading Questions (Christian Apologetics)

Synopsis

Are You Sure You're Asking The RIGHT Questions? How can you be sure that your questions are leading your respondent in the right direction? Remember, anyone can ask, but not all questions lead in the right direction! Most of the time unplanned questions only sidetrack everyone. Worse, determined opponents can even use your unplanned questions to obscure the issue, escape reason, confuse you the apologist, or even to counter-attack you. In the new book "Leading Questions" the authors explain how to understand the nature of questions, and then how to formulate questions that will definitely lead your respondent in the RIGHT direction for the sake of Christian apologetics. This will help you to conclude your discussions with opponents and skeptics quickly and without confusion. Buy and read it TODAY itself! Your apologetics discourses will never be the same again.
