Good

Worth it. Scored High 90's.

We purchase all these review books for our daughter. They are all very helpful!

Didn't realize was a download...it was for my son

Boring but the best review out there. I did well on the regent without ever taking a history class.

I ordered this book for my son to study over the summer. He tells that this book isn't bad but it fails to make things simple.

Arrived as promised - seller very responsive to any problems.

boring but useful
